For a copy of our school's Child Protection and Safeguarding Policy and Procedures please visit the 'Policies' page on our [school website](#)

Dear Parents and Carers

### Keeping children safe online

Over the winter months, it is likely that children will be spending more time online. Whilst the online world offers a great deal of entertainment and information for children, it does come with risk. Here are some top tips for helping children stay safe online:

- 1) Talking regularly with your child is the greatest tool to help keep them safe online. Talking regularly and making it part of daily conversation, like you would about their day at school, will help your child feel relaxed. It also means when they do have any worries, they're more likely to come and speak to you.
- 2) Manage the amount of time your child is online. Balance it with other activities that are away from a screen. Play board games, colour, craft and calming activities especially one hour before they go to bed.
- 3) Set up parental controls to block any upsetting or inappropriate content. Information about setting up parental controls can be found here: [Use Parental Controls to Keep Your Child Safe | NSPCC](#)
- 4) Give your child the strategies they need in case something concerning happens whilst they are using their device. This could be to lock the screen and tell an adult, to make a report to the platform they are using, or to block the user.
- 5) Talk to your child about how they communicate online and remind them that anything they put online, whether it's via What's App, Instagram, TikTok or YouTube, can be shared widely. Is what they are sharing kind? True? Helpful? Safe?

Below is information about signing up to the National Online Safety Hub which has lots more advice about keeping children safe online for parents and carers.

Mrs Cook, Principal  
Designated Safeguarding Lead

  
Keeping children safe is everyone's responsibility

Don't forget to also download the free National Online Safety App which can help you keep up-to-date with new developments in keeping your child/ren safe.

## 'Keeping Children Safe in Education 2025'

In simple terms, safeguarding means:

- Protecting children from harm or abuse
- Supporting their physical and emotional health
- Making sure they grow up in a safe and caring environment

**Attendance Matters** Getting here on time every day really is important in helping your child to become a happy and successful learner. Every day really does count

### How do the children raise any concerns?

All classes have 'Worry' boxes. We check these regularly and discuss any issues with the children, so that they know they are being listened to and their concerns are being taken seriously.

All children can go and speak to any adult in the academy.
